Opportunity

OPPORTUNITY means little to the man with empty pockets. Lack of a comparatively small sum has frequently lost the opportunity of a life time. With reasonable thrift and a savings account such a sum could have been provided.

Avoid disappointment and be prepared for opportunity when it comes by opening a savings account in the Bank of Toronto now.

A small sum for a beginning with regular and frequent additions will, with interest earned, soon provide a useful bank balance.

Carbon Juniors Lose to Three Hills Juniors

The Carbon Junior Baseball team motored to Three Hills Thursday and took the short end of the score. Both teams played nice ball, having to play 10 innings to decide the game.

Mrs. Torrance and Miss Antoinette Fortier went to Calgary Saturday.

Mr and Mrs Ramsey Nash of Swallow were visiting in Carbon Sunday.

WEDDING BELLS THORBURN - GRAHAM

The marriage of Miss Selvia May Graham to Mr Grant Richard Thorburn, both of Carbon Alta. took place in Calgary Monday Sept. 11th in the Knox Presbyterian Church. The Rev. J. McCartney officiated.

The bride looked charming in a gown of white Crepe de chene, and carried a large bouquet of sweet peas and fern.

After the ceremony a reception was held at the home of Mr and Mrs W. J. Thorburn. Among those present were Mr Harry M. Thorburn of Carbon.

Mr and Mrs G. R. Thorburn returned to Carbon Wednesday where they will make their future home.

Mrs W. J. Thorburn of Calgary is visiting Mr Harry Thorburn.

Mrs Torrance is away visiting in Calgary. How about a party Stan?

We hear Miss Bailey was out motoring Sunday. All kinds of chocolates now, Eh Bailey?

Mr and Mrs L. Jacobson and daughter left for Calgary where they will reside in the future.

Mr Cass of the Bank of Toronto staff returned to Carbon Monday after spending his vacation in Vancouver and Seattle.

CARBON SCHOOL FAIR PROVES BIG SUCCESS

Work of Children Interesting to both Farmers and Townsfolks alike.

In spite of the difficulties which inevitable attended any initial enterprise, the first annual fair which was held in Carbon on Sept. 14, 1922, was a big success.

A heavy rain overnight, that temporarily interfered with threshing, afforded many of the farmers the opportunity of coming into town for the day, and a large crowd both of farmers and townspeople assembled in the two school houses to examine the work of the children.

Exhibits were entered not only by the Carbon school but also by a number of the outlying schools in the district and a brave showing they made.

In addition to their school work the children displayed examples of their industry at home, namely farm and garden produce, stock, needlework, bread, cakes, candies and preserves.

"A Message To Garcia"

Some years ago the late Elbert Hubbard wrote what he himself termed "a literary trifle," entitled "A Message to Garcia." Did you ever read it? If not, get a copy and do so; it will repay you. Hubbard wrote it in an hour one evening after supper. Of this "literary trifle" he himself said: "The thing leaped out from my heart, written after a trying day, when I had been endeavoring to train some rather delinquent villagers to abjure the comatose state and get radioactive." In the course of a few years "A Message to Garcia" was translated into every known language and over forty million copies had been printed. And its sale still continues.

The story itself is brief; it is the wonderful lesson it conveys that counts. When war broke out between the United States and Spain over Cuba, it was very necessary for the United States Government to communicate quickly with the leader of the Cuban insurgents. General Garcia was somewhere in the mountain fastnesses of Cuba—no one knew where. No mail or telegraph message could reach him. The President must secure his co-operation, and quickly. But how?

Someone said to the President, "There is a fellow by the name of Rowan will find Garcia for you, if anybody can." Rowan was sent for and given a letter to be delivered to Garcia. The "fellow by the name of Rowan" took the letter, sealed it up in an oil-skin pouch, strapped it over his heart, in four days landed by night off the coast of Cuba from an open boat, disappeared into the jungle, and in three weeks came out on the other side of the island, having traversed a hostile country on foot, and delivered his letter to Garcia.

Now the point of this story is not the bravery of the man in thus risking his life, for thousands of men would unquestioning run equal or greater risks; the point is that Rowan took the letter and did not stop to ask a multitude of questions, such as, "Who is Garcia?" "Where is he to be found?" "What does he look like?" "What do you want him for?" "Is there any particular hurry?" No, Rowan took the letter and started, knowing that all that was required of him was to deliver it. He had one clear-cut job to do, and he proceeded to do it.

How many of the countless millions of men and women who are employed in shops, factories, stores and offices today, yes, and on the farms, are possessed of Rowan's characteristics? How many display the same loyalty to a trust, act promptly and without questioning, concentrate their energies on the task before them; in a word, do the thing—"Carry a message to Garcia?" The regrettable fact is that not one in ten do so. Yet it does not call for any special training, or ability, but merely the exercise of will and a determination to do and win.

As Elbert Hubbard pointed out in his little booklet, General Garcia is dead now, but there are other Garcias to whom messages have to be delivered daily. No man who has endeavored to carry out an enterprise where many hands were needed, no man directing a large business, but has been well-nigh appalled at times by the ineptitude of the average man—the inability or unwillingness to concentrate on a thing and do it. Slipshod assistance, foolish inattention, drowsy indifference and half-hearted work seem the rule; and no man succeeds, unless by hook or crook or threat he forces or bribes other men to assist him; or mayhap, God in His goodness performs a miracle, and sends him an Angel of Light for an assistant.

Today the average employee is more concerned about working as few hours as he possibly can manage to get away with and still hold his job. His ambition seems to be, not to excel in his work, but to collect from his employer as large a wage as possible in return for which he gives as little as possible. If employers grant an 8-hour day, the employees of this day and generation immediately organize and combine to compel them to concede a 7-hour day, but they still want an 8-hour day wage. They insist upon the observance of all holidays, but demand to be paid just the same. If asked in an emergency to do a piece of work which ordinarily does not fall within their duties, they object, claiming they were not hired for that purpose. Fellows "by the name of Rowan" seem to be mighty scarce these days, and the lack of initiative displayed by the average employee is simply appalling, coupled with an absolute unwillingness to make his employer's interests his own.

This incapacity for independent action, this moral stupidity, this infirmity of the will, this willingness to cheerfully catch hold and lift—these are the things that put pure Socialism so far into the future and make thoughtful men and women reluctant to advance certain movements which might be mighty for the benefit of all. If men will not act for themselves, what will they do when the benefit of their effort is for all?

It is the men of the Rowan type who are getting on in the world, while these others remain the willing slaves of the "walking bosses" of the Labor Unions. In self-protection the employer is forced to constantly resort to a weeding-out process, and no matter how good times may be, the incapables and ne'er-do-wells are out of work, having been replaced by others; and when times are hard the sorting-out process is done finer—but out and forever out the incompetent and unworthy go.

But there is always an opening, steady employment and a bright future for men and women who can be trusted to "Carry a message to Garcia" whenever they are called upon to do so.

U.S. Chief Justice In Quebec.

President W. H. Taft, who was recently appointed Chief Justice of the United States Supreme Court, is again spending the summer at Murray Bay, an attractive resort on the St. Lawrence River below Quebec City. Alberta Highways

Alberta Link of the Trans-Canadian Road Will Be Completed This Year.

Huge sums of money are being spent in road construction in Alberta this season. The Alberta link of the trans-Canadian road will be completed this year. The greater part of the road work in the province this season has been in the construction and repairing of the trunk road, but next year branch and district roads are to receive the most attention, and by 1923 it is expected that the province will have a net work of highways that will be second to none on the American continent.

The Alberta Government is being assisted in the construction of the trunk roads by a grant of forty per cent. of the cost of these roads which the Dominion Government is making, provided the work reaches a certain standard which the Dominion Government has set.

The Man Who Works Hard Should Follow This Advice

Perseverance and will power he should have, but whether he has strength and vigor is another question. Hard working men often have headaches and suffer from bilious fits. The occasional use of Dr. Hamilton's Pills keeps a man feeling fit and fine, keeps him always at his best. Headaches, indigestion, poor color are quickly remedied by Dr. Hamilton's Pills. Dr. Hamilton's Pills keep the system clean and pure, tone up the blood, drive away tiredness and lassitude. No medicine for men is better than Dr. Hamilton's Pills, 25c all dealers or The Catarrhzone Co., Montreal.

Marketing Western Wheat

Dr. Magill Does Not Anticipate Difficulty From U.S. Tariff.

Dr. Magill, secretary of the Winnipeg Grain Exchange, interviewed at Ottawa was of the opinion that there will be no difficulty in marketing the western wheat crop, despite the United States tariff. Dr. Magill intimated that English buyers are already in the market for vast quantities of Canadian grain, and that the United States will have to buy large quantities in any event.

GUARD BABY'S HEALTH IN THE SUMMER

The summer months are the most dangerous to children. The complaints of that season, which are cholera infantum, colic diarrhoea and dysentery, come on so quickly that often a little one is beyond aid before the mother realizes he is ill. The mother must be on her guard to prevent these troubles, or if they do come on suddenly to banish them. No other medicine is of such aid to mothers during hot weather as is Baby's Own Tablets. They regulate the stomach and bowels and are absolutely safe. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Read The Advertisements

Make Your Purchases From Your Merchants and Help Stimulate Business.

The publishers of this paper draw your attention to the advertising columns, and particularly to the advertisements of the local merchants.

These merchants have invested their money in goods to satisfy the needs and desires of us all.

Their enterprise is a distinct service to our community. For this reason we should buy from them to the best of our ability and in so far as our needs and judgment of value dictates.

Then, too, the general commodities advertised in our columns are worthy of consideration. It is desirable that readers should ask merchants to supply advertised goods wherever possible. By doing so the cycle of trade is kept alive and inter-community commerce stimulated. We repeat—read the advertisements.

Be fair to your local merchants. Ask to see his goods and compare prices before sending your money to the mail order houses. You will find that it pays.

Her Improvement Is Now Talk Of Friends Says Toronto Woman

"Tanlac has certainly had a good chance in my case to show what it can do, for I surely had a long, hard struggle and had just about tried everything," said Mrs. Mary Richards, 251 Ashdale Ave., Toronto.

"I have been in a badly run-down condition ever since I had pneumonia six years ago. My stomach was nearly always out of order. My appetite was very poor and I had to be very careful about what I ate, as I suffered terribly from indigestion, bronchitis and pains in my chest. My sleep was never sound and I had a tired, worn out feeling all the time. I had dreadful headaches and weak spells and had fallen off in weight un-

til I was scarcely more than a shadow of my former self, and I was absolutely unfit for work of any kind.

"But Tanlac has done me a world of good. My stomach is in fine condition now and I eat all I want and everything agrees with me perfectly. All my aches and pains are a thing of the past and I'm stronger than I've been in a long time. In fact, Tanlac has the same as made a new person of me, for I can do my housework with ease and my friends are talking about the wonderful change that has come over me. I don't believe anyone who suffers as I did can do better than take Tanlac."

Tanlac is sold by leading druggists everywhere.

What It Costs To Make Shoes

Labor Averages Only One Dollar A Pair.

If shoe workers worked for nothing it would not affect the price of boots and shoes more than a dollar a pair.

This is the answer of General Organizer E. W. O'Dell, of the Boot and Shoe Workers' Union, to the charge that labor costs were preventing a reduction in the price of shoes and boots.

"The average labor cost in a pair of boots or shoes is no more than a dollar, the maximum being \$1.25 in a \$16 pair," he said.

For Sprains and Bruises.—There is nothing better for sprains and contusions than Dr. Thomas' Eclectic Oil. It will reduce the swelling that follows a sprain, will cool the inflamed flesh and draw the pain. It will take the ache out of a bruise and prevent the flesh from discoloring.

Nelson's Ship In Danger Of Sinking

Steel Casing Around Hull Would Keep Victory Afloat.

Nelson's old flagship, the Victory, is likely to sink at her moorings in Portsmouth Harbor, said the Marquis of Milford Haven at the meeting of the Society of Nautical Research.

It was suggested, he added, that a cement or steel casing round the hull might be made, and as the Admiralty has no funds available, something would have to be done by public help.

Fur Sale in Winnipeg.

The third successful Winnipeg auction fur sale took place on the 5th July, when 250,000 pelts were disposed of to 500 buyers from various large United States cities. The fur was sold in 413 lots, and a low estimate of the aggregate value is over \$500,000.

Makes Breathing Easy. The constriction of the air passages and the struggle for breath, too familiar evidence of asthmatic trouble, cannot daunt Dr. J. D. Kellogg's Asthma Remedy. This is the famous remedy which is known far and wide for its complete effectiveness even under very severe conditions. It is no untried, experimental preparation, but one with many years of strong service behind it. Buy it from your nearest dealer.

Sores Heal Quickly.—Have you a persistent sore that refuses to heal? Then, try Dr. Thomas' Eclectic Oil in the dressing. It will stop sloughing, carry away the proud flesh, draw out the pus and prepare a clean way for the new skin. It is a recognized healer among oils and numbers of people can certify that it healed where properly applied.

SWALWELL, ALTA.

It pains us to have to record the death this week of the well-known and highly esteemed cowpuncher Peter Moran who has worked this range for a number of years. He passed away peacefully, laden with honors and full of booze. The new High River Methodist Minister Rev. Mr. Elliott, visited Mr. Moran and tried to soothe his last moments on earth and prepare his soul for good company.

"My poor friend, are you prepared for the coming of the grim visitor?"

"No! I-"

"Even now he is knocking at the door."

"Let 'em knock."

"With sickle keen he waits with out."

"Hand me that gun and move the bureau against the door. Who is it anyhow?"

"The Angel of Death."

"Oh that's alright. Let him in. I thought it was Jerry Boyce with his bar bill."

Thus passed away Peter Moran, one of the best heel ropers in the country.

A man came along selling illustrated family bibles. He took up his stand on a little box at the corner where the Driard Hotel now stands. (This was when Jerry Boyce ran the Walker House and before the Driard was built.) This happy-go-lucky faker was selling his bibles at a dollar each. That is to say, he was trying to sell them. After bowling up at the bar to get into proper shape, he started active operations at the corner, surrounded by an interested crowd.

"Gentlemen," he cried, "you see this beautiful bible, with all the illustrations, Moses descending on Mount Ararat and the Menonites crossing the Red Sea and other bibulous lore all beautifully colored. Well, this bible has never before been offered to the public at less than \$2.50. That's no josh, and I am offering it now for one bone! One bone, gentlemen, because I am closing out my stock and taking up a homestead. Who will invest a bone in this beautiful illustrated bible?"

"Aw, come now, gentleman! I took this to be a Christian community and I can't believe I'm mistaken. One bone! Merely the price of eight drink. I can see a church spire from where I stand and I am sure I could see others were this soap box a little higher. Can't an illustrated family bible like this be sold among Christian people?"

Nobody stepped forward to buy and holding one of the good books above his head he called out:

"I insist that there is at least one Christian in this crowd before me. If I am right let him step forward."

After half a minute Bill Eggleston, who ran the local livery stable, pushed his way in from the outskirts of the crowd.

"Are you a Christian man?" asked the faker, after looking him over.

"Fair to middlin'," said Bill.

"You believe in this book?"

"Sure thing!"

"Have you got one like it at home?"

"No."

"Well, why in hell don't you buy this at a dollar? What's the matter with this crowd anyway, that I can't sell a bible at half its real value?"

"That ain't got nothing to do with it," said Bill. "We've got two churches here and are plugging along alright that way, but the fact is an East Lynne troupe came along Tuesday, a guessing hog was here Wednesday, a hypnotist Thursday, and yesterday a feller brought down a race horse from Edmonton and cleared this town out of \$75 cash. We ain't got nothin' agin you and your bibles, but we're all broke. How ever I guess I've enough left to

set 'em up. You may as well join us.

The upshot of this faker's visit was that he too, got on a protracted spree, with the result that the bartender found himself stocked up with with about twenty-five illustrated family bibles. Those were great days believe your uncle.

Novel Use For German Indemnity

Britain May Use Her Share to Help Overseas Settlers.

The parliamentary empire development committee is considering a novel scheme of overseas development. The proposal is that part of the indemnity which Britain is to receive from Germany should be placed in a fund out of which loans would be made to suitable men and families to enable them to settle in the overseas dominions. Next December, Great Britain will receive £550,000,000 worth of German bonds, and the idea is that £50,000,000 worth of these bonds should be guaranteed by the British Government and made the basis of advances to overseas settlers, such advances to be secured by mortgages on properties acquired and developed by the settlers.

PALE AND NERVOUS SCHOOL CHILDREN

Need Rich, Red Blood To Regain Health and Strength.

Many children start school in excellent health, but after a short time home work, examinations, hurried meals and crowded school rooms cause their blood to become weak, their nerves over-wrought and their color and spirits lost. It is a mistake to let matters drift when boys and girls show symptoms of nervousness or weak blood. They are almost sure to fall victims of St. Vitus Dance, or drift into debility that leads to other troubles. Regular meals, out-door exercises and plenty of sleep are necessary to combat the nervous wear of school life. But it is still more important that parents should pay attention to the school child's blood supply. Keep this rich and red by giving Dr. Williams' Pink Pills and the boy or girl will be sturdy and fit for school. The value of Dr. Williams' Pink Pills in cases of this kind is shown by the statement of Mrs. Watson, Grand Falls, N.B., who says: "In the spring of 1919 my daughter, Thistle, then 12 years of age, began to show symptoms of nervousness which developed into St. Vitus Dance. She seemed to lose control of her limbs and at times every muscle in her body seemed to be twitching and jerking, and the trouble seemed to be growing worse. We finally decided to give Dr. Williams' Pink Pills, and the result was better even than we had hoped for, and she is now enjoying the best of health."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Plan Your Vacation Trip

Special Summer Tourist Fares to the Pacific Coast.

Special Summer Tourist tickets to Vancouver, Victoria, Seattle and other Pacific Coast points are now on sale daily by the Canadian Pacific Railway. These tickets will bear a final return limit until October 31st, and permit stopovers en route, which gives travellers an opportunity of visiting some of the beautiful resorts in the Rockies, such as Banff, Lake Louise and Glacier, where the Company maintain splendid resort hotels. These tickets are optional via the main line or Arrow Lakes route in one or both directions without extra charge. No expensive side trips necessary.

In addition to the "Trans-Canada Limited" exclusive sleeping car train, a choice of two other daily trains is offered, and as all are equipped with open-top observation cars through the mountains an excellent view of the magnificent scenery may be had.

Any Agent of the Canadian Pacific will be pleased to give further particulars and make the necessary arrangements for the trip.

IS YOUR NOSE PLUGGED? HAVE YOU CATARRH?

If Subject to Colds, Here is Real Good Advice.

Don't load up your stomach with cough syrups, send healing medication through the nostrils—send it into the passages that are subject to colds and Catarrh. Easy to do this with CATARRHOZONE, which helps a cold in ten minutes. Even to the lungs goes the healing vapor of Catarrhozone—all through the bronchial tubes, nostrils and air passages—everywhere a trace of disease remains will Catarrhozone follow. You'll not have colds, nor will you suffer from sniffles, bronchitis, or throat trouble if Catarrhozone is used. Get it today but beware of dangerous substitutes meant to deceive you for genuine Catarrhozone. Large size, two months treatment, costs \$1.00, small size 50c, sample size 25c, all dealers or the Catarrhozone Co., Montreal.

Placating The Crowd.

The British Government declares it is abandoning war subsidies to agricultural, which would amount to \$100,000,000 or \$150,000,000. But it is making a grant of £3 per acre for wheat, and £4 for oats this year, the cost of which will be between \$75,000,000 and \$175,000,000. This is one way of trying to placate the economy crowd—Toronto Mail and Empire.

The worms that infest children from their birth are of two kinds, those that find lodgement in the stomach and those that are found in the intestines. The latter are the most destructive, as they cling to the walls of the intestines and if not interfered with work havoc there. Miller's Worm Powders dislodge both kinds and while expelling them from the system serve to repair the damage they have caused.

Conditions Good in Germany

Are Hopeful of Paying Indemnity, Says Canadian Officer.

The German people are hopeful of being able to pay their war indemnity and indications are that they will be able to do so if given time, in the opinion of Major Spencer Relf, controller of the clearing office in Canada, which is handling enemy property and reparations.

Major Relf has just returned to Ottawa after spending some time in England and Germany. In regard to conditions in Germany, Major Relf stated that he found every evidence that all factories were running full blast all night and German agricultural prospects were excellent.

Oil Has More Steam Than Coal.

The amazing increase in the use of oil for fuel is not surprising when it is considered that, weight for weight and with proper burners, the oil gives 50 per cent. more steam than coal. It is easier than coal to handle, it obviates dust and dirt, makes little smoke and no ashes and can be lighted instantly and controlled absolutely.

Peevish, pale, restless and sickly children owe their condition to worms. Mother Graves' Worm Exterminator will relieve them and restore health.

A Tennis Frock Of Striped Silk

By Marie Belmont.

Heavy crepe de chine is an admirable silk for the summer sport frock. While the plain weaves may be had in many very lovely colors the striped silk can be developed in most attractive modes. An excellent quality of crepe de chine is chosen for the model illustrated. It has a cream ground, which is broken at regular intervals by stripes of blue and gold. On skirt and blouse, which is cut with kimono sleeves, the stripes are horizontal. Bands of the silk with the stripes running vertically extend from shoulders to hem and give a touch of distinction to the dress. The tie is made of blue silk.

Mild Epidemic Going Round.

It is due to impurities in the water, causes cramps, diarrhoea, headache. Those who take twenty drops of Nerviline in sweetened water usually get quick relief. It is really wonderful how good old Nerviline fixes up a sour stomach, how it stops hiccoughs, how quickly it puts a stop to those nasty attacks of gas. Every home should keep a bottle or two of trusty old Nerviline on hand. 35 cents everywhere.

Travel A Good Investment

Get Away For a Vacation And See The Sights.

In every person's life at some time or other there comes a feeling of utter exhaustion, or, as many say, "Fed up," with a general lack of interest in their everyday surroundings. Hard work is as a rule blamed for this condition, and little is done to remedy it until too late and the family physician is called. Work may be to a certain extent responsible for this condition, but the chief reason is the lack of a change, a relaxation of the mind. Get away for a few weeks vacation, see new sights and how the rest of the world live. Enjoy a change of climate. There are thousands of interesting places in Canada which may be enjoyed either winter or summer, and within easy reach via the Canadian Pacific Railway.

A trip at any season of the year will prove a good investment and send you back with renewed vigor, broader and much wiser from the knowledge gained. A postal card to any Canadian Pacific Agent will bring you literature and any information desired.

Going Down.

A Scotlman who was notorious as a skeptic had erected a massive mausoleum for his final rest and one day he observed an elder of the kirk gazing at it.

"Strong place that, hey David?" he said. "I'll tak a mon some time tae raise up oot o' that at the day o' judgment."

"Hoot, mon," said David, "ye can gie yersel little fash about raisin' when that day comes. They'll tak the bottom 'oot o' it and let you fa' doon."—Boston Transcript.

Canada's Outlook Is Bright

News That Hushes the Howls of the Pessimist.

"Splendid crops all over Canada" is the news that flashes from the Department of Agriculture at Ottawa.

It is news that hushes the howls of the pessimist and kindles anew the confidence every true Canadian has in his country.

The years following the war have been pointed to as the years of Canadian expansion, and now that the after-war unrest is settling. Nature has turned in to get this young nation off to a flying start.—Toronto Telegram.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions. All druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

Bricks Reduced In Price.

The brick manufacturers of the province of Manitoba have unanimously agreed to a reduction of \$1.50 per thousand of bricks, to take effect as from the 1st July.

O. McPherson, Furniture Dealer and Undertaker, Armstrong, B. C., Minard's Liniment Co., Ltd., Yarmouth, N. S.

Dear Sirs.—Since the start of the Baseball season we have been hindered with sore muscles, sprained ankles, etc., but just as soon as we started using MINARD'S LINIMENT our troubles ended. Every baseball player should keep a bottle of your liniment handy.

Yours truly, W. E. McPHERSON, Secretary Armstrong High School, Baseball Team.

A Monster Sturgeon.

One of the largest sturgeon ever sold was caught recently by William Gooschead, a Berens River Indian, fishing at Pigeon Bay, Lake Winnipeg. Helgi Einarson, the buyer, said it was the biggest he had ever seen. Its weight was 190 pounds. Dressed it tipped the scales at 120. The head alone weighed 27 pounds. Its length was eight feet six inches and circumference four feet three inches.

Corns disappear when treated with Holloway's Corn Remover without leaving a scar.

For Civic Housing.

The Civic Housing Commission of Winnipeg has given up to the 1st July, 160 loans, aggregating \$850,000, for home building purposes. This is an increase of \$50,000 over the entire building plan for last season.

TO WOMEN OF MIDDLE AGE

This Woman's Letter Tells You How To Pass The Crisis Safely.

Lascelles, P.Q.—"During the Change of Life I felt so weak and run down I could hardly do my work. The perspiration would pour over my face so that I couldn't see what I was doing. We live on a farm, so there is lots to do, but many who felt as I did would have been in bed. I took Lydia E. Pinkham's Vegetable Compound and it did me a world of good. I tried other remedies but I put Vegetable Compound ahead of them all, and I tell every one I know how much good it has done me."—Mrs. DUNCAN BROWN, Lascelles, Prov. Quebec.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ear, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women, and let Lydia E. Pinkham's Vegetable Compound carry them safely through this crisis as it did Mrs. Brown.

You are invited to write for free advice

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass.

The Natural Wealth of Canada

Grain

THE Northwest was a barren waste only forty-odd years ago. Today, in a thousand-mile belt across the three prairie provinces, is one of the greatest grain-producing areas in the world. For the year 1921 the total value of the wheat, oats, barley and rye produced throughout Canada was estimated by the Government at \$432,984,750.

Some men might just as well be insane for all the sense they've got this week.

A recently-married young couple were dining in a restaurant, when a tall handsome blonde entered and passed their table, giving the husband a glance of recognition and a dangerous smile.

"John," said the young wife, "who is that woman?"

John's brow contracted. "Now for goodness sake, he said, 'don't go bothering me about who she is, I'll have enough trouble explaining to her who you are!'"

Mrs J. B. Schluff of Fourteenth Ave. W. entertained some of her neighbors informally last Monday afternoon. That is to say, she and her cook had a quarrel on the front porch.
